To Whom It May Concern

Dear Sirs

I on behalf of Faculty of Natural Science, National University of Laos, would like to express our most heartfelt appreciation and most sincere acknowledgement to the Chair, Vice-Chairs and all the members of UNITEC, Japan for providing a scholarship to our students namely Miss Yumaly Manthalangsy and Mr. Maihin Saechao. The financial assistance from UNITEC, Japan is really motivated students to be more active in learning their major in Computer Sciences and also could provide them more an opportunity to learn Japanese language that is so nice to see the progress they make from the beginning.

We are so grateful to UNITEC, Japan for the kind cooperation, for this help and assistance. We do hope that the UNITEC, Japan would continue to provide more scholarship to Lao students in the future.

Sincerely your,

Somchanh BOUNPHANMY.  
Dean of Faculty of Science,  
National University of Laos
